

24/7 Virtual Visits

No driving. No waiting rooms.

With 24/7 Virtual Visits, you can see and talk to a provider from your mobile device* or computer for less cost than for an office visit. Consider 24/7 Virtual Visits when it's not an emergency, when your provider is not available or if you need medical attention while traveling. The provider can write a prescription** if needed, which you can pick up at a pharmacy near you. 24/7 Virtual Visits providers can treat a wide range of symptoms and conditions, including:

- ▶ Abdominal pain
- ▶ Allergies
- ▶ Bronchitis
- ▶ Cough/cold
- ▶ Diarrhea
- ▶ Fever
- ▶ Headache
- ▶ Pink eye
- ▶ Rash
- ▶ Seasonal flu
- ▶ Sinus problems
- ▶ Sore throat
- ▶ Stomachache
- ▶ Urinary tract infection
- ▶ Yeast infection

All 24/7 Virtual Visits providers are 100% board-certified physicians and nationally certified nurse practitioners.

Freestanding emergency room (FSER): FSERs, sometimes referred to as urgency centers, typically bill at ER rates (or higher) and can cost \$2,500 more than an urgent care center. Neither located in nor attached to a hospital, FSERs are able to treat similar conditions as an ER, but cannot admit patients.

Important note: If you experience a true emergency, dial 911 or go to the nearest emergency room.

24/7 Virtual Visits is a service available with a Designated Virtual Network Provider via video, or audio-only where permitted under state law. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. 24/7 Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Check your benefit plan to determine if these services are available. The Designated Virtual Visit Provider's reduced rate for 24/7 Virtual Visits is subject to change at any time, and may apply after the deductible is met, depending on your plan.
